CELLSTORY PLUS Meso-Care

Fact Sheet

CELLSTORY is one of the only skincare systems powered through breakthrough Microspear® technology.

About

CELLSTORY PLUS is a professional – only eight-step skincare program that utilizes innovative Microspear®, which are small particles, derived from freshwater-grown sponges. The Microspear® go through a 13-step purification and are coated with amino acids, stem cells, growth factors and a proprietary yellow calming complex. Microspear® has the ability to travel all the way to the basal layer to restore glossiness and vitality.
